Ron Kennedy had dropped this material off and ask me to get it to you. When you called and ask to have it mailed, Ron asked me to include the time line he had used part of. I didn't know if he wanted the exhibits too, but included some of them - I have complete documentation. If you have any questions on time line, please call Carolyn @ (714) 497-1884. I'm going to update it in response to the "memorandum". Ron didn't know if you had received a copy before you left. He had to get a copy ^(memorandum) from the L.A. Times reporter (Reporter's writing, marking on it).

Ron will be back first of week and he will probably call you
